

TUBE BENDER SET

Multi Size

The all-in-one solution for tube bending. For situations where tube needs to be bent in the opposite direction, the Reverse Bending Adaptors can be attached to switch the angle.

Part No. **JAV-1021**

90° Indicator Feature*

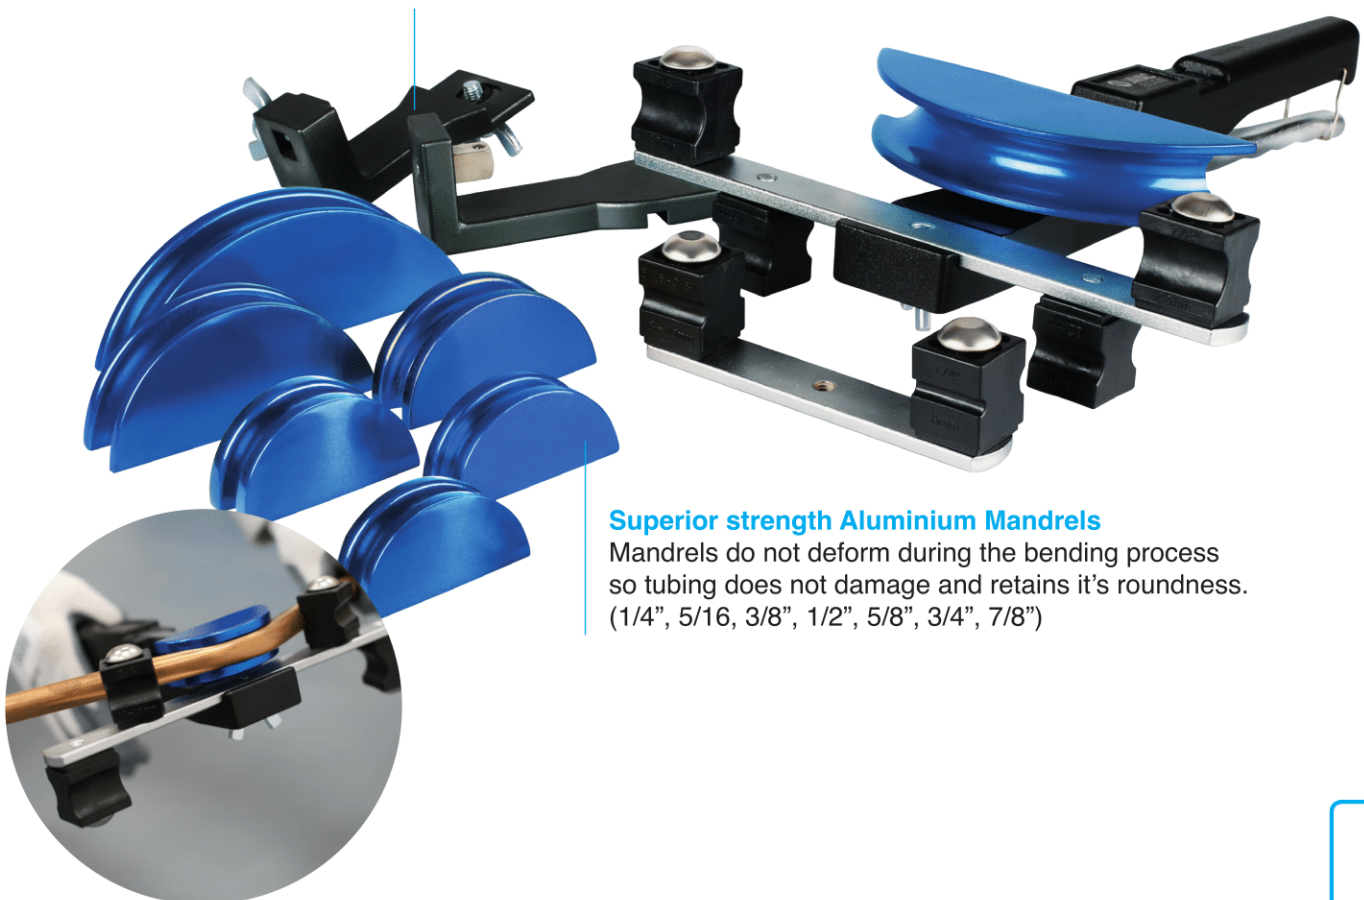

Lets you know when the tube has accurately reached a perfect 90° bend.

Reverse Bending Adaptors

Can bend pipe in all directions with ease – perfect for awkward spaces.

 PATENTED DESIGN.

Superior strength Aluminium Mandrels

Mandrels do not deform during the bending process so tubing does not damage and retains it's roundness.
(1/4", 5/16, 3/8", 1/2", 5/8", 3/4", 7/8")
