TWINTURBO
REFRIGERANT RECOVERY MACHINE

Mastercool introduces the new "Mini Iwin" all in one recovery machine. Equipped with the same high quality twin piston compressor as the Iwin Turbo series this unit has been designed to work in all applications. Whether you find yourself up a ladder, in a crawl space or just not looking forward to lugging around a heavy piece of equipment, this is the right machine for you. Best of all, this machine has been constructed with the safest spark tree component allowing for use with all combustible gases.
