

## Dual Purpose Coil Cleaner

Pump House Dual Purpose Coil Cleaner is a cleaner for use on both outdoor and indoor coils. Suitable for use with refrigeration, air conditioning and air source heat pump coils the cleaner is effective at removing a large variety of soils. The fin friendly formula means that it is the right product for regular maintenance ensuring maximum system performance and reduce running costs.

AER-D-600

<b>Part Code</b>	AER-D-600
<b>Product Name</b>	Pump House Dual Purpose Coil Cleaner
<b>Description</b>	Indoor & Outdoor Coil Cleaner
<b>Bullets</b>	Ideal for indoor and outdoor coils, fin friendly, removes the dirt, not the metal, fast acting, biodegradable formula
<b>Package Size</b>	600 ml
<b>Bar Code</b>	5051391002109
<b>Usage Instructions</b>	Turn off unit before cleaning and apply onto the coil starting at top corner and moving across and down, covering the complete surface of the coil. Leave 5-10 minutes for solution to dissolve contaminants and provide initial coil protection. Product is self rinsing on evaporator coils that produce condensate but rinsing is recommended for condenser coils and for maximum coil protection the application can be repeated.
