

Outdoor Coil Cleaner

Pump House outdoor coil cleaner is a solvent based cleaner designed especially for use on condenser coils in kitchens but is suitable for general condenser cleaning. The cleaner is effective at removing heavy amounts of soil and grease and is a no-rinse needed condensing coil cleaner. It is non-flammable and non-conductive and will quickly restore system performance.

AER-O-500

Part Code	AER-O-500
Product Name	Pump House Outdoor Coil Cleaner
Description	Solvent Based Outdoor Coil Cleaner
Bullets	Highly effective, dissolves grease quickly and easily with no need to rinse. Non-flammable and non-conductive.
Package Size	500 ml
Bar Code	5051391002123
Usage Instructions	Use in a well-ventilated area and place cloth or cardboard behind and beneath the area to be cleaned. Spray liberally to saturate the coil but avoid overspray. Allow 5-10 minutes for product to remove dirt. For heavily soiled coils, repeat until clean and remove the cloth or cardboard when cleaning is complete. Test product on plastics, painted surfaces or other non-metallic finishes to ensure the product does not cause damage.
