Split Wall

Frame Guards

Unit already installed and need a guard? Look no further.

The split wall frame of these Pump House manufactured guards enable you to place a guard with ease, post the installation of the condensing unit. You can work around pipework and electrical connections hassle-free. 500 refers to the depth of the guard. Ideal for all manufacturers of air conditioning and air source heat pumps, including Daikin, Fujitsu, Hitachi, LG, Mitsubishi, Panasonic and Toshiba. Call with the model number of your unit and our team are ready to select your guard +44(0)115 900 5858.

Features

- Additional bottom and back panels are available for stand-alone/high wall options
- All bolts are allen-headed for added security
- Quick and easy to install and access for maintenance
- Split back panel makes it easy to retro fit
- Textured finish in RAL7032
